Please join us for a fun and interactive learning opportunity!

We are getting down to the basics of accreditation!
This workshop is designed to give you some quick and easy answers to some of the most commonly asked questions about accreditation. Accreditation will continue to be an ongoing process at COS and we invite you to be an informed participant.

How do you fit in the accreditation process?
Accreditation validates our overall institutional quality, our integrity, and ensures we are doing the things we are supposed to do in order to provide a great educational experience for our students at COS! We are all a key part of the process of knowing what we do well and learning where we need to improve to best serve our students and the community!

Do you know where to locate the Integrated Planning Manual?
Learn where to find key information!
Still have questions? Come and get them answered!
