UNIT/CREDIT HOUR CONFIGURATION:

Permissible Exceptions:

1. Laboratory units may include homework, such that 1 unit of laboratory includes 1 hour designated as a study hour. The result will be that such a lab/study unit will be scheduled for just 2 hours per week.

2. Lecture courses may include 1 hour per week for additional skill building, recitation, discussion, assessment, or other non-homework instructional activity. For example, a 3 unit lecture/discussion class could be scheduled each week for 3 hours of lecture and 1 hour of discussion.

3. When units configure to fractions, units will be rounded up or rounded down to the nearest whole number.
