Martial Arts Dojo: Kenjutsu

Project 4: Dimensional Orthographics

The particular fighting style for the martial arts dojo to be designed is kenjutsu. Kenjutsu is typically the mastery of swordsmanship and the art of using a variety of sword types. The design of the dojo will focus on creating a space that not only accommodates these practices but also reflects the discipline and precision associated with kenjutsu.

Concept Diagram:
1. Main Dojo
2. Sensei Office
3. Resting Area
4. Upper Level/Clerestory
5. Lockers/Trainers Room
6. Lobby
7. Weapons Storage
