Low Emissions and Hybrid Vehicle Parking Permit Application

In keeping with COS’s commitment to sustainability, parking spaces for Low Emissions and Hybrid Vehicles have been installed in front of the new LEED certified Tulare Campus Center. In order to assure that these spaces are being used properly, we have initiated a permit/decal process. The information requested on this form is essential in determining if your vehicle qualifies for a permit. To qualify, your vehicle must either be a hybrid or meet the LEED definition of a Low Emissions Vehicle, below.

“...vehicles that are either classified as Zero Emission Vehicles (ZEV) by the California Air Resources Board or have achieved a minimum green score of 40 on the American Council for an Energy Efficient Economy (ACEEE).”  http://www.greenercars.org

Please complete the application and return it to COS District Police in Blue Oak 903 on the Visalia Campus, email it to campuspolice@cos.edu or FAX to our office at 730-3898. If the vehicle qualifies, you will be contacted and issued a decal indicating that your vehicle qualifies for LEV/Hybrid parking. You may also be asked to produce the vehicle for inspection.
