RE: WITHDRAWAL FROM COURSES IN CERTIFICATE PROGRAMS

Please be advised that when a Veteran is enrolled in a College of the Sequoias Certificate Program and is receiving Veterans’ Educational Benefits, withdrawal from any or all courses may result in an overpayment situation. The Veteran may then be required by the Veterans’ Administration to pay back some or all benefits received from the first day of instruction in the current term, or the end of the previous term if interval pay was received.

I, ____________________________, have read and understand the above statement.
