

**Online-Only Course Enrollment for Non-Resident Students**

Federal and State regulations prohibit colleges from offering distance education to students residing in another state without prior approval from that state. College of the Sequoias does not have formal approval from other states to offer distance education to students residing in their respective state.

As a result, students who are enrolled entirely in online courses at the College of the Sequoias must physically reside in California during that semester to be eligible for aid for the term. **Students who are enrolled entirely online and who are residing in another state will not be eligible for Financial Aid Disbursement from College of the Sequoias.**
