

1. **While options remain available**, I would prefer to meet:

[More Details](#)

- In person, attending in the res... 7
- Virtually, attending the meetin... 16

2. You selected "virtually" in question #1. Would you change your decision if a larger room was reserved for the meeting, allowing for more social distancing, such as Ponderosa 350?

[More Details](#)

[Insights](#)

- Yes, I would meet in person if ... 6
- No, I would still want to meet ... 10

Additional comments:

I express appreciation for consulting with us about this matter. Thanks !

I am open to virtual options as well!

Ideally, we could choose to attend in person or via Zoom

Outside of the safety measures, I find it much easier to stay engaged with relevant documents (on my desktop) and observe Robert's Rules or Order through Zoom. Last year had the most productive meetings I have experienced in 13 years on Senate.

We had discussed meeting in the lecture hall so that we could have social distancing.

I have generally found Zoom meetings to be really accommodating and inclusive--people can attend from different campuses, if they're ill or hurt, if they have a disability, etc. Whatever we have to do, I hope a virtual option gets preserved.
