

## Resolution to Create a Tutorial Committee Under Academic Senate

---

**Whereas**, the District Governance Manual stipulates that workgroups are appropriate only for decision making bodies specific to a program, and Tutorial affects all academic departments;

**Whereas**, Tutorial is an educational program establishing policies impacting student success, and as such falls under the authority of the Academic Senate as a 10+1 issue;

**Whereas**, the Tutorial Workgroup recommended in 2019 that the establishment of Tutorial subcommittee in Senate should be pursued; and

**Whereas**, the Academic Senate for California Community Colleges states that tutorial "should be supervised and led by faculty;"

**Resolved**, that Senate shall hereby establish a standing Tutorial subcommittee to oversee decision making within Tutorial Services.
