

Standing Reports District Governance Senate

Forms are due to Meghan Tierce by 4:45 p.m. on the Wednesday prior to District Governance Senate.

Date: October 6, 2020 - Institutional Program Review Committee

Standing Report:

IPRC reviewed the tasks and timelines for the Assessment and Training subcommittees.

The committee went over crucial governance documents and discussed the possibility of recommending changes to the program review process. The discussion was treated as preliminary to allow time to analyze the opportunities of making the PR process manageable on departments and their Deans. Other suggestions included shortening the PR submittal timeline and creating PR cycles.

The committee will gather FAQs asked during PR training to create "how-to" videos for PR authors.

Dr. Dali Ozturk and Francisco Bañuelos attended the RP Group's webinar on Transforming program Review with Disaggregated Data: Getting to Equity via Guided Pathways on October 1st and will share the webinar recording once it is made available.

Recommendation(s) for Possible Action Items (if any):
