

Technology Committee Standing Report

District Governance Senate

Date: October 5, 2026

Attendees: Dave Richert, Joe Cadena, Aaron Albright, Arianna Kennedy, Jennifer Graber-Peters

Guest: Adam Fimbres

Meeting(s) Report:

1. Item not on Agenda: None

2. Cybersecurity Review:

Adam Fimbres presented on Cybersecurity Awareness Month, highlighting cybersecurity awareness and current District security initiatives. He emphasized that cybersecurity is a shared responsibility at COS.

3. New Class Search:

Dave Richert demonstrated the new custom class-search application, which is nearing deployment. The new search is designed to be mobile-friendly and to reduce the load on Banner.

4. Title II progress:

Dave Richert reported that the District's Title II digital accessibility efforts are underway. Thousands of PDF and Word documents on the District website require accessibility remediation.

5. Program Review:

Dave Richert reviewed the Technology Services program narrative, including infrastructure, cloud migration, reporting, registration system enhancements, disaster recovery, and planned staffing and role changes.

6. SARS & BDMS:

SARS may require a future technology review due to support limitations. BDMS is being migrated to a newer cloud-based version following authentication and vendor contract delays.

Recommendation(s) for Possible Action Items: None
