

DataVista Metrics Platform

Giving California insights into student success and achievement

DataVista is the metrics platform for information on California Community Colleges and Adult Education student success. DataVista is designed to inspire a greater understanding of student achievement, build understanding about student outcomes and provide information to support evidence-based decision making at schools, colleges and within the state.

To find updated information for the dashboards available on LaunchBoard, please visit the new California Community Colleges Chancellor's Office DataVista website:

<https://datavista.cccco.edu>

We highly encourage you to visit DataVista and explore the most current data disaggregated by student groups, including but not limited to age group, gender, race/ethnicity, and economic status (as available), as well as comparisons between our District and Statewide, Macroregion, and Microregion data.

This [video provides users](#) a starting point to access resources, support, and the data views to access outcome metrics. The site navigation offers access to additional platform general information and support using the 'Locale' filter on the left-hand menu. Some reports available include:

- [California Adult Education Program Scorecard](#)
- [Comprehensive Student Report](#)
- [Guided Pathways](#)
- [Strong Workforce Program](#)
- [Student Equity and Achievement Program](#)
- [Vision 2030](#)
