
MISSION STATEMENT

WorkAbility III is a collaboration between California Department of Rehabilitation and College of the Sequoias which provides career preparation services to students with disabilities leading to gainful employment with local employers.

The **Access & Ability Center** assists students to maximize their potential and prepare for productive life after college. Access & Ability Center services are individualized to aid each student's independence, productivity and self-esteem. Services are provided to enhance students' access to, and success in, all classes and activities offered at COS.

All about WorkAbility III & *Our Community*

What is WorkAbility III?

WorkAbility III has been around for over five years. WorkAbility III is a cooperative agreement between the College of the Sequoias Access and Ability Center (AAC), California Department of Rehabilitation, and local employers throughout Tulare and Kings County. The WorkAbility III program provides Vocational Assessment, Employment services and Work Experience for College of the Sequoias students.

How will the WorkAbility III program benefit your company?

- Pool of employment-ready individuals
- Tax credits
- On the Job Training (OJT) funding
- Qualified college educated and certificated individuals

Employment services offered by WorkAbility III

- Resume development & interview preparation
- Rigorous and relevant course work
- Hands on work experience/internships
- Introduction to cutting-edge technologies
- Training on work ethics and work values that employers demand
- Provide COS Students with vocational and career exploration services

"I am a great supporter of the COS WA III program, due to our Work Experience. Mayra is a hard-working and dedicated professional".

Quote from WA III supervisor:
Dan Ramirez, Proteus, Visalia, CA
